International Women's Health Organization (IWHO) will develop plan(s) for activities and events where members will be interacting with minors or the elderly such that members will receive education and/or training on Child Abuse Neglect Reporting Act (CANRA), common sense measures to both avoid child or elder abuse allegations (i.e. avoiding one-on-one situations; working with minors in plain view of others; limiting calls/texts/social media posts or other communications with minors), and

how to properly report potential harm or neglect to minors or the elderly with whom they are working.

ARTICLE VII. SECTION 3. IN CASE OF INTERNATIONAL TRAVEL

International Women's Health Organization (IWHO) at UC San Diego recognizes that the University generally recommends against all international travel by Student Organizations due to the myriad of risks travelers face in foreign countries. Student organizations are discouraged from traveling to foreign countries due to the wide variety of risks involved with foreign travel, and the extensive planning efforts required by the Student Organization's Members to manage those risks. Security risks and healthcare services vary widely from one country to another, so thorough research on those topics is especially important.

International travelers are advised to research US State Department Travel Advisories and the CDC Travel Health site and abide by all recommended alerts and warnings, and procure travel insurance with medical coverage that covers their chosen destination because most USA Health Plans are not valid in foreign countries.

ARTICLE VIII. COMMUNITY ADVISOR

International Women's Health Organization (IWHO) at UC San Diego selected Dr. Becky Marquez to be their community and faculty advisor.
