

Constitution of Tau Beta Pi

Written: October 2007

Edited: August 2024

Article I. Name of the Organization:

The organization shall be called Tau Beta Pi at UC San Diego.

Article II. Statement of Purpose:

"Founded in 1885 to mark in a fitting manner those who have conferred honor upon their alma mater by distinguished scholarship and exemplary character as undergraduates in the field of engineering, or by their attainments as alumni in the field of engineering, and to foster a spirit of liberal culture in the engineering colleges."

Our organization honors distinguished students while preparing them to serve in the engineering community.

Article III. Nonprofit Statement:

Tau Beta Pi at UC San Diego is a non-profit student organization.

Article IV. Requirements for Membership (Including Fees if Applicable):

To be eligible for membership, a student must either be in the top 1/8 of the junior engineering class or the top 1/5 of the senior engineering class (class determined by the number of units the student has completed). Also, eligible students must have taken courses at UCSD for at least one academic year. Aside from being an excellent student academically, our members must demonstrate exemplary character. Eligible students must earn a certain number of points by the initiation day via activities organized by our chapter, such as community service or tutoring.

There are two initiations per year: one in winter and one in spring.

Students who are initiated become lifetime members of Tau Beta Pi, but they can only remain active members of the chapter by earning a certain number of points each year via activities organized by our chapter, such as community service and tutoring. The lifetime membership fee is \$125 (a portion of the money goes to the national Tau Beta Pi organization).

Article V. Frequency of the Organization's Meetings:

Officer meetings are held once every week, and general body meetings are held once or twice per quarter. Minutes for each official meeting will be recorded by the Secretary.

Article VI. Qualifications for Holding Office and Methods of Selecting and Replacing Officers:

Only registered UC San Diego students may hold office in the organization. Only registered UC San Diego students may vote in elections for the selection of the organization's officers.

An officer must be a member of Tau Beta Pi. At the end of each Spring Quarter, members who are interested in becoming officers the following school year must submit an Officer Application to the Tau Beta Pi Official Email address. Elections are then held the following week during a

general body meeting and all members are invited to participate in the voting process to select the most qualified candidates for each position.

Article VII. Risk Management:

Tau Beta Pi at UC San Diego is a registered student organization at University of California, San Diego, but not part of the University itself.

Tau Beta Pi at UC San Diego understands that the University does not assume legal liability for the actions of the organization.

Article VII. Section 1. In Case of Interaction with Minors and/or the Elderly:

Tau Beta Pi at UC San Diego is aware that all registered student organizations that serve minors or the elderly have access to training on child and elder abuse prevention for its members via UC Learning ([https://uclearning.UC San Diego.edu](https://uclearning.UC%20San%20Diego.edu)). Tau Beta Pi at UC San Diego will develop plan(s) for activities and events where members will be interacting with minors or the elderly such that members will receive education and/or training on Child Abuse Neglect Reporting Act (CANRA), common sense measures to both avoid child or elder abuse allegations (i.e. avoiding one-on-one situations; working with minors in plain view of others; limiting calls/texts/social media posts or other communications with minors), and how to properly report potential harm or neglect to minors or the elderly with whom they are working. Tau Beta Pi has a strict policy against beating up anyone, especially minors and the elderly.

Article VII. Section 3. In Case of International Travel

Tau Beta Pi at UC San Diego recognizes that the University generally recommends against all international travel by Student Organizations due to the myriad of risks travelers face in foreign countries. Student organizations are discouraged from traveling to foreign countries due to the wide variety of risks involved with foreign travel, and the extensive planning efforts required by the Student Organization's Members to manage those risks. Security risks and health care services vary widely from one country to another, so thorough research on those topics is especially important.

International travelers are advised to research US State Department Travel Advisories and the CDC Travel Health site and abide by all recommended alerts and warnings, and procure travel insurance with medical coverage that covers their chosen destination because most USA Health Plans are not valid in foreign countries.

Article VII. Section 4. In Case of Handling of Hazardous Chemicals, Material, Equipment, and/or Machinery

Tau Beta Pi at UC San Diego recognizes that all student organization activities must be conducted safely, in accordance with all applicable federal, state and local laws. Additionally, Tau Beta Pi at UC San Diego will abide by UC San Diego requirements for students in labs, including policies for minors in UC laboratories, and ensure members receive safety training regarding the use of chemicals and/or machinery before entering the lab. Members must follow

any best practices and lab safety protocols for the use of such chemicals, research equipment or machinery, including the appropriate use of Personal Protective Equipment, and should work under close supervision of those trained in the handling of chemicals/use of research equipment or machinery.

Article VIII. Community Advisor

As a pre-professional organization, our primary community advisor is Dr. Geoffrey Voelker of the CSE department. We select our advisors by nominating potential candidates then voting on them. Our community advisors provide high-level organizational guidance (being past members of Tau Beta Pi themselves), and assist us with any activities in which we require their expertise.

Article IX. Financial Management

Our organization finances its activities through our members' \$125 lifetime membership fees. This sum is used both to pay the national organization's membership fee, and to provide funding for the events we hold.

We utilize the SLBO Fund Manager and a private bank account to manage our organization's funds.

Article X. Affiliation with Other Groups

Tau Beta Pi at UC San Diego is affiliated with the national Tau Beta Pi organization. We are obligated by the national organization to maintain minimal membership requirements. These include offering membership to only the top 1/8th of the Junior engineering class, and the top 1/5th of the Senior engineering class, among others.

The national Tau Beta Pi organization offers our members benefits beyond those provided by our chapter (scholarships, discounts, etc.), and opportunities to stay involved after graduation.
