

CHI DELTA THETA

WHAT IT MEANS TO BE A SIBLING OF CHI DELTA THETA

The Chi Delta Theta Crest

The Chi Delta Theta Crest originated in the spring of 1991 and was researched and created by our siblings, Keriko Nelson and Ie Lim. The actual drawing of the crest was made by Oliver Galace and was computerized by Gary Yasuda. Our sibling Louella Navallo revised it in the fall of 1993. Created to symbolize the various virtues that the Chi Delta Theta Sorority and its members stand for, it has since been a tradition of pride and honor for the siblings. Each item on our crest formulates the different reasons why Chi Delta Theta exists.

The crest can be placed on any visible sight such as clothing, memorabilia, or flyers. However, its meaning must remain secret to only the active siblings of Chi Delta Theta. No other persons shall know of its meaning and no active shall relay the meaning to anyone except the members of Chi Delta Theta which include alumni, active members from any chapter, and advisors. This is a tradition of Chi Delta Theta.

To begin with, our crest is divided into four quadrants by **two bamboos**. Not only are bamboo recognized and grown in many Asian cultures throughout the world, they also contain specific symbols. One bamboo symbolizes **family loyalty**. As the other bamboo grows, it is radiated from one parent stem. As siblings of Chi Delta Theta, we will take this meaning and instill it in our family of siblings showing that we all have one similar origin. This is why our sorority brings us together and we will be loyal to it. The second bamboo symbolizes **resilience**. If the bamboo becomes bent, that plant has the ability of straightening itself out. As a sorority, we will know that if we come across hardships we will have the ability, as siblings, to see through the hardships and face it together. Together, the two-crossed bamboo represents **happiness**. With our siblings, we want to focus on having a happy disposition, both for ourselves and the sorority as a whole. Combined, both bamboos will have a total of seventeen notches. Not including the founding members, each notch will represent a member of the founding class.

Located on both sides of our crest are **two keys**, one each in the second and third quadrants. These keys represent our founding members, Alison Suto Stripling and Joanne Yamaoka Kato, who founded our sorority on October 13, 1989. The first key on the left, symbolizes **authority** and **secrecy**. As the two founding members, they worked hard in creating the sorority to what it is today by placing their authority over it. At the same time, much of what we do and what we stand for must always remain a secret to only those members of Chi Delta Theta. The second key on the right symbolizes **scholarship**. Our sorority was founded to aid the women of the university academically. With the formation of our scholarship fund, the key will always be a reminder for the siblings of the importance of education through scholarship and knowledge which Alison Suto Stripling and Joanne Yamaoka Kato founded our sorority with.

In the first quadrant, located at the top of the crest, are **five burning candles**. Each of the candles represents one of our first five founding officers. The flame and each candle symbolize a specific meaning that each sibling holds to their heart. The first candle symbolizes **life**. The second candle symbolizes **increasing knowledge**. The third candle symbolizes **hope**. The fourth candle symbolizes **learning**. The fifth candle symbolizes **festivity**. The flame on each candle symbolizes the **love** we share between siblings. It is on our crest to remind the siblings of what we stand for and believe. Whenever the candle is used in a ceremony and the flame is passed, we are giving to those being passed the flame, each symbol of the candle as well as our love, from our hearts to theirs.

The **anchor combined with a heart and a cross**, is located in the fourth quadrant of our crest. When seeing this symbol, we are reminded of what we, siblings must do for ourselves. This means

CHI DELTA THETA

anchoring the soul faith and love. We should always remember that aside from helping our fellow siblings, we should also look out for our own well-being. That way, we can share ourselves with our siblings, our family, and our community, as well as balance our virtues.

Located at the top of our crest is a **crown with five pearl points**. Each pearl point represents one of the five points that Chi Delta Theta strives for. The first pearl point stands for **community services** and symbolizes **self-sacrifice**. The second pearl point stands for **cultural awareness** and symbolizes the **human soul**. The third pearl point stands for **education** and symbolizes **wisdom**. The fourth pearl point stands for **social activity** and symbolizes **humility**. The fifth pearl point stands for **siblinghood** and symbolizes **innocence**.

Flowing on both sides of the crest are **algae**. This symbolizes **long life** for both the sorority and the siblings. It is present in many in Asian countries in the sea.

The Chi Delta Theta Flower

The first flower chosen to represent Chi Delta Theta was the **cherry blossom** in the spring of 1991 to symbolize a **woman's outstanding beauty**. Because of the lack of familiarity of the cherry blossom and its low accessibility, in 1993, the flower was changed to the **orchid**. The orchid symbolizes **purity** and **feminine charm**. The orchid flower can be used in any event as corsages or centerpieces. It can be given to anyone from Chi Delta Theta, so long as the meaning is kept secret.

The Chi Delta Theta Symbol

Suggested by our siblings from San Luis Obispo, the **fan** has been a general symbol of our sorority since the spring of 1993. The fan was chosen because it symbolizes **femininity** and **imagination**. It can be placed in any visible sight and can be used as a decoration or can be given as gifts. It can be viewed open or closed, and in any color. It should never be dishonored or used in a manner that is harmful, since it is a representation of our sorority. The fan was chosen for its beautiful meaning and for its presence in almost every Asian culture. It can be observed in various dances of various Asian folk dances.

The Chi Delta Theta Colors

Chi Delta Theta has two colors that represent our sorority. They were chosen by our founding members for their meanings. The color **pink** symbolizes **sweetness** and **charm** while **silver** symbolizes **faith** and **truth**.

The Chi Delta Theta Definition

The Greek letters of our sorority Chi Delta Theta were chosen based upon what we believe. The "C" in Chi stands for community, which is active service to the community. The "D" in Delta stands for diversity which is different ethnicities coming together as one. And lastly, the "T" in Theta stands for togetherness, what we strive for in our bond of siblinghood.

CHI DELTA THETA

CREED

We, the members of the Chi Delta Theta Sorority, promise to promote friendship, communication, cultural awareness, and social activity among university women. Being siblings of Chi Delta Theta signifies that we are culturally aware, morally conscious, and spiritually sincere. We ordain that the siblings of Chi Delta Theta strive to further these goals both academically and socially.

CHI DELTA THETA

SORORITY SONG

PASS IT ON

It only takes a spark to get a fire going
And soon all those around can warm up in its glowing.
That's how it is with Chi Delt's love,

once you've experienced it
You'll spread your love to everyone,
you'll want to pass it on.

What a wondrous time is Spring
when all the trees are budding
The birds begin to sing
the flowers start their blooming.
That's how it is with Chi Delt's love,
once you've experienced it

You'll want to sing, it's fresh like Spring
you'll want to pass it on.
My wish for you my friends, this happiness that I've found
You can depend on this,
it matters not where you're bound

I'll shout it from the mountain top, (CHI DELTS!)
I want the world to know, that Chi Delt's love has come to me,
I want to pass it on.

I'll shout it from the mountain top, (CHI DELTS!)
I want the world to know, that Chi Delt's love has come to me,
I want to pass it on.
